gosayalsir@outlook.com · <https://www.linkedin.com/in/gosay-ali> ·

Versatile and results-driven Civil Engineer with a solid background in both site supervision and technical sales within the construction industry. Proven ability to manage on-site operations, coordinate with multidisciplinary teams, and deliver high-quality projects on schedule. Experienced in presenting and promoting civil engineering products and solutions to clients, consultants, and contractors.

Skilled in bridging the gap between engineering design and business needs by leveraging technical knowledge to support sales strategies, material selection, and procurement decisions. Adept in client communication, project documentation, and providing customized solutions that enhance customer satisfaction and project efficiency. Eager to contribute to organizations seeking a technically sound, sales-oriented civil engineer with a practical, client-focused mindset.
