PROJECTS

Graduation Project: Development and Design of a Remote-Controlled Mini-Forklift

- Designed and built a remote-controlled mini forklift to demonstrate automation in material handling, including mechanical design and system integration.
-

CERTIFICATIONS

- Certificate of participation and top ten ranking in the Career Path Planning competition (Eastern Region).
 - Reducing Project Management Risk – Certified Course.
 - Saudi Council of Engineer (SCE) Professional Accreditation No. 1137284.
 - Occupational Safety and Health Administration (OSHA) Standards – Safety & Health Management.
 - Microsoft Excel – Spreadsheets Program.
 - Social Intelligence Skills Development.
 - Supply Chain Management.
 - Procurement & Project Stakeholders Management.
 - Six Sigma Methodology.
 - Introduction to Entrepreneurship.
-

SKILLS

- Quality Control & Inspection
- Problem Solving & Troubleshooting
- Root Cause Analysis & Corrective Actions
- Planning & Organizational Skills
- Team Leadership & Workflow Supervision
- Teamwork & Cross-Departmental Coordination
- Warehouse & Inventory Management
- Logistics Operations & Stock Optimization
- Advanced Microsoft Excel & Microsoft Office
- Technical Reporting & Documentation
- Procurement & Supply Chain Coordination
- Safety Compliance in Industrial Environments
- Mechanical Systems Understanding
- Soft Skills & Effective Communication
- English Language Proficiency
