Marine Dispatcher | VTS Operator | Marine & Subsea Crew Coordinator | Marine Operations Coordinator | Marine & Subsea Procurement coordinator.

PROFESSIONAL SUMMARY

Marine Operations professional with over 14 years of experience supporting oil & gas ports and offshore operations for major operators including Saudi Aramco. Proven expertise in marine dispatching, VTS operations, port control, offshore logistics, and emergency response. Strong knowledge of Aramco, ADNOC, and QatarEnergy marine standards with full compliance to HSSE, IMCA, IMO, SOLAS, and MARPOL requirements. Experienced in managing high vessel traffic volumes, critical marine assets, and safety-critical operations in complex industrial ports.

KEY SKILLS & COMPETENCIES

- Marine Dispatching & Vessel Scheduling
- Vessel Traffic Services (VTS)
- Port Control & Harbor Master Coordination
- Tug, Pilot & Mooring Operations
- Ship-to-Ship (STS) Operations
- Offshore & Subsea Marine Support
- Emergency Response & Incident Management
- HSSE / IMCA / IMO / SOLAS / MARPOL
- SAP PRC & ERP (Logistics & Materials)
- Marine Crew Data-base Management (Oracle)
- KPI Reporting & Operational Monitoring

PROFESSIONAL EXPERIENCE

Marine Vessel Traffic Service Officer / Marine Dispatcher
Marafi Marine Company – King Fahad Industrial Port, Yanbu
Jan 2024 – Jul 2025

- Conducted 24/7 marine dispatch and port control operations in a high-traffic industrial port.
- Coordinated ETA/ETD planning, berth allocation, vessel movements, and sailing clearances.
- Managed tug allocation, pilot scheduling, mooring, unmooring, and STS operations.
- Monitored real-time vessel traffic through VTS systems and responded to navigational risks and emergencies.
- Prepared daily vessel movement logs, marine reports, and operational KPIs.
- Ensured compliance with port regulations, Aramco-aligned HSSE standards, and emergency procedures.

Marine Vessel & Subsea Operations Supervisor
Salasel Offshore Marine Services Co. LLC
Jan 2023 – Nov 2023

- Supervised offshore marine and diving crew mobilization in line with IMCA and client HSSE standards.
- Coordinated marine logistics, vessel readiness, crew certification, and documentation.

- Supported marine risk assessments, toolbox talks, and offshore emergency drills.
- Controlled marine manpower costs and logistics expenditures.

Marine Control Room Operator / Dispatcher

Saudi Aramco – Marine Logistics Centre, Tanajib Port (via Rawabi Vallian Offshore)

Jul 2015 – Aug 2021

- Performed marine dispatching and VTS support for offshore supply vessels, tankers, and support craft.
- Planned daily and long-term vessel schedules considering weather, cargo readiness, and port capacity.
- Monitored vessel movements to prevent congestion, delays, and marine incidents.
- Maintained strict adherence to Saudi Aramco marine operational and HSSE requirements.

Drilling Dispatcher / Marine Logistics Coordinator

Saudi Aramco (via Makamin Offshore)

Sep 2014 – Apr 2015

- Coordinated marine logistics for offshore drilling and work-over operations.
- Verified drilling materials and updated Drilling Materials on SAP systems to ensure uninterrupted operations.
- Liaised with port authorities, vessel masters, and rig teams.

Aviation Consultant | Qatar Airways, Qatar

Jun 2010 – Jul 2014

- Coordinated with CAAS, handlers, and FBOs for operational requests.
- Supported flight safety decisions and readiness assessments.
- Implemented structured change management processes.

Fleet Personnel – Crew Coordinator | Leo Marine Clearance Services

Nov 2009 – May 2010

- Managed crew rotations, payroll, visas, and compliance with certification requirements.
- Planned crew relief and ensured continuous vessel operations.
