

SAAD A. ALSHERATY

Associate of occupational science

BYSDZZ@GMAIL.COM - 0544646231

JEDDAH, KSA

PERSONAL DETAILS: 06/06/1999 - SAUDI - MALE

With a background in aviation maintenance, I bring a strong understanding of aircraft operations, safety procedures, and teamwork to every role I take on. While my training has been focused on maintaining aircraft, I'm now excited to apply those skills on the ground—supporting airport operations, assisting passengers, and helping things run smoothly behind the scenes. I'm a hands-on, reliable person who stays calm under pressure, works well with others, and takes pride in delivering great service. I'm ready to learn quickly, adapt, and contribute to the fast-paced world of ground services.

EDUCATION
