Professional Summary

Creative Interior Designer & Architect with 3+ years of experience in space planning, FF&E selection, and 3D visualization. Proven expertise in developing design concepts, producing technical drawings (AutoCAD, Revit), and supervising site execution. Skilled in client communication, team collaboration, and project coordination, with a strong ability to translate client needs into functional, aesthetically driven spaces. Passionate about sustainable design and innovative solutions.

Professional Experience

RAL Plus Architectural Consultant | Interior Designer (Apr 2024- Apr 2025)

- Concept Development & Client Collaboration
- Designed and delivered 15+ tailored interior solutions for residential and commercial projects, aligning with client visions and functional requirements.
- Created mood boards, material palettes, and FF&E packages, reducing client revision requests by 30%.
- Translated design concepts into technical drawings (AutoCAD, Revit) and coordinated with contractors to ensure accurate execution.
- Optimized project timelines by delivering 100% of design documents ahead of deadlines.

ARKANIA DEVELOPMENT | Architect & Interior Designer (oct 2022- Apr 2024)

- End-to-End Project Execution, Led architectural and interior design for 10+ residential units

and office spaces, from schematic design to site supervision.

- Produced shop drawings and as-built documents, minimizing construction errors by 25%.
- Conducted 30+ on-site inspections, providing actionable feedback that improved design quality and reduced rework costs by 20%.
- Collaborated with cross-functional teams (engineers, contractors) to resolve design conflicts, ensuring seamless project handover.

Education

Delta University for Science and Technology — Mansoura, Egypt (jul 2022)

Bachelor of Architectural Engineering
