[Mohamed Abu Wardeh | LinkedIn](#) | [Portfolio](#)

Creative and detail-driven **Interior Designer and 3D Visualizer**, recently graduated with a **Bachelor's Degree in Interior Design**. Possess hands-on experience through internships and part-time roles in **residential, commercial, and healthcare projects**. Skilled in **3D modeling, rendering, and architectural visualization** using **AutoCAD, 3ds Max (V-Ray & Corona), and Revit**. Strong track record of collaborating with clients, consultants, and construction teams to deliver **functional, aesthetic, and cost-effective interior solutions**. Adept at transforming design concepts into **compelling visual presentations** and ensuring smooth project execution from **concept to completion**.

Education

Amman Al-Ahliyya University | Amman, Jordan

Jul 2025

Bachelor's Degree in Interior Design

- **GPA:** Very Good

Work Experience

Interior Design Intern

Square Meter | Amman, Jordan

Jan 2025 – Apr 2025

- **Design Support:** Assisted senior designers in preparing design proposals and client presentations.
- **Drafting & Modeling:** Produced accurate 2D layouts and 3D visualizations using AutoCAD and 3ds Max.
- **Site Involvement:** Participated in site visits, measured spaces, and supported detailed project planning.
- **Creative Development:** Created sample boards and contributed design ideas during brainstorming sessions.
- **Independent Tasks:** Managed small-scale design assignments and communicated with clients under supervision.

Interior Designer (Part-Time)

Tawazon Construction | Amman, Jordan

Mar 2024 – Dec 2024

- **Interior Space Design:** Designed residential and commercial interiors that combined functionality with aesthetics.
- **Client Consultation:** Conducted meetings to clarify design preferences, budget limitations, and timelines.
- **3D Visualization:** Developed detailed renderings, mood boards, and floor plans using AutoCAD, 3ds Max (V-Ray & Corona), and Revit.
- **Project Coordination:** Collaborated with engineers and contractors to oversee on-site execution and material selection.
- **Regulatory Compliance:** Ensured all designs adhered to safety codes, building regulations, and architectural standards.

Core Skills

Design & Space Planning

- Interior Design & Space Planning
- Concept Development & Mood Boards
- Material Selection & Finishes
- Lighting Design & Furniture Layouts

3D Visualization & Technical Tools

- 3D Modeling & Rendering (3ds Max, V-Ray, Corona)
- AutoCAD (2D Drafting & Layouts)
- Revit (BIM & Architectural Detailing)
- Adobe Photoshop (Post-Production & Presentation)
- Virtual Walkthroughs & Interior Animation Concepts

Project Management & Collaboration

- Project Coordination with Construction Teams
- Budgeting & Cost Awareness
- Client Consultation & Presentation Delivery
- Time Management & Deadline Compliance
- Quality Control & On-Site Supervision

Professional Strengths

- Strong Aesthetic Sense & Attention to Detail
- Creative Problem-Solving
- Flexibility & Ability to Work Under Pressure
- Effective Team Collaboration & Communication
- Strong Communication & Client Relationship Building

Languages

Arabic (Native), English (Very Good).
