CAREER OBJECTIVE

As an Interior Design graduate, I have honed my skills in 2D technical drawings, 3D modeling, sketching, and graphic design—specializing in logo creation and branding. My passion lies in designing unique, user-centered spaces that blend aesthetics with functionality. My design goals is to create functional, aesthetically pleasing, and sustainable spaces that enhance the user experience. By paying attention to details & solving problems , I aim to grow professionally while designing interiors that seamlessly blend style, comfort, and practicality
