Lebanon, Al Rawda, West Beqaa | +96181018619 | tohmewafa@gmail.com | Lebanese 25-4-1998

Objective

- As a passionate interior designer, I hold a Bachelor of Arts in Interior Design with distinction from Lebanese International University. My academic journey began at Beqaa Technical & Vocational Institute, where I studied Interior Design from 2017 to 2019. With three years of experience, I have developed a strong ability to craft innovative and functional design solutions. I am now seeking a challenging role within a dynamic environment where I can apply my design expertise, keen attention to detail, and in-depth knowledge of space planning to enhance both the aesthetic appeal and functionality of spaces. I am proficient in industry-standard design software, and effective collaboration with cross-functional teams to deliver exceptional design outcomes.

Education

- Bachelor of Arts in Interior Design, Lebanese International University
October 2019 _ June 2022
Graduated cum laude, with a 3.9/4 GPA
- ❖ Related coursework: 3D's Max V-ray & Revit
- Technical Baccalaureate in Interior Design, Beqaa Technical Institute
October 2019 _ June 2022
Graduated, with high honor 13.11/ 20

Skills & Abilities

- Autodesk AutoCAD, 3ds Max, & Revit
- Dialux (Luminaire Light Design)
- Adobe Photoshop
- Microsoft Office Suite
- Team Collaboration & Communication
- Work Under Pressure
- Fast Learner & Adaptable

Experience

- **Freelance Interior Designer**
July 2019 _ Present
 - Client Consultations & Design Development: Worked directly with individual clients, understanding their needs, preferences, and budgets to create custom design solutions for residential and commercial spaces.
 - Space Planning & Layout Optimization: Developed functional and aesthetically pleasing layouts, maximizing space and ensuring the client's lifestyle requirements were met with

efficient, innovative designs.

- **3D Renderings & Visual Presentations:** Created 3D models and mood boards using software such as AutoCAD, and 3D Max V-ray, to present design concepts, helping clients visualize their spaces before implementation.

- **Salaheddine Interiors Group, Lebanon**

1 January 2025 _ 31 May 2025

- **Space Planning & Design:** Collaborated with clients to design personalized furniture layouts for residential and commercial spaces, ensuring functional and aesthetic harmony.
- **Furniture Selection & Customization:** Assisted clients in selecting and customizing furniture pieces from the gallery, providing guidance on size, material, and style to fit individual needs and preferences.
- **3D Visualization & Renderings:** Created 3D models, floor plans, and detailed renderings using software such as AutoCAD and 3D max to present design concepts to clients and showcase furniture arrangements.
- **Trend Identification:** Regularly researched the latest trends in furniture design and interior decor to ensure the gallery's collection stayed contemporary and aligned with customer demands.
- **Sales Support:** Supported the gallery sales team by providing design insights during client purchases, contributing to increased sales and customer satisfaction.
- **Project Coordination:** Assisted in managing smaller design projects, coordinating deliveries and installations, and ensuring that furniture was placed according to design specifications.

- **Design by Yara for Architecture consulting & Interior Designs, Lebanon**

1 September 2022 _ 30 December 2024

- **Conceptual Design Support:** Assisted senior designers in developing design concepts for both residential and commercial clients, providing creative input and research.
- **Space Planning & Layout Design:** Designed functional, innovative, and aesthetically pleasing floor plans, ensuring efficient use of space while maintaining a harmonious flow between rooms.
- **Collaboration with Architects:** Worked closely with architects, engineers, and contractors to integrate architectural elements with interior design, ensuring seamless project execution.
- **Design Documentation & Specifications:** Created detailed design documentation, including mood boards, sketches, floor plans, and 3D renderings, along with material and furniture specifications for client approval and contractor use.
- **3D Visualization & Renderings:** Created 3D models, rendering presentations, and material palettes to visualize designs and assist clients in visualizing their spaces.
- **Site Visits & Client Meetings:** Attended client meetings and site visits to gather design information, understand project scope, and provide on-the-spot design recommendations.
- **Design Coordination:** Assisted in coordinating design elements such as furniture layout, color schemes, and lighting, ensuring a cohesive look across all areas of the project.
- **Technical Drawings & CAD Proficiency:** Produced accurate technical drawings and 3D visualizations using AutoCAD, and 3D Max V-ray, facilitating clear communication between clients, contractors, and project teams.

❖ **Achievements:**

- Contributed to the design of a multi-unit residential project that was successfully delivered ahead of schedule, with positive feedback from the client and increased project referrals.
- Developed conceptual designs for a high-end restaurant that was praised for its innovative approach and awarded for excellence in design.

- **Interior Design trainee, Construction & Details, Beqaa, Lebanon**

May 2018 _ May 2020

- **Construction Documentation Support:** Assisted senior designers in preparing and reviewing detailed construction documents, including floor plans, elevations, and construction specifications.
- **Site Visits & Field Surveys:** Conducted site visits with senior team members to gather measurements, assess conditions, and ensure the feasibility of design concepts in relation to the existing structure.
- **Drafting & CAD Support:** Supported the drafting team in producing accurate CAD drawings for construction, assisting in updates and revisions as per design changes or site conditions.

- **Pharmacist assistant, Al Doha Al-Marj Pharmacy, Lebanon**

June 2015 _ January 2022

- Assisted the pharmacist in managing inventory and verifying medication expiry dates.
- Provided support to patients in the pharmacist's absence, ensuring excellent customer service.
- Acquired knowledge of various medications and their appropriate uses.
