WORK EXPERIENCE

Architect & Interior designer

To obtain a challenging and rewarding position in the field of **Interior Design** where I can utilize my **6+ years of experience** in infrastructure, construction, and project management. I aim to combine my technical knowledge, creativity, and attention to detail to deliver aesthetically pleasing and functional interior spaces, while contributing effectively to the growth and success of the organization.

JOB RESPONSIBILITIES:

- Understand client needs, preferences, and budgets.
- Conduct site visits and prepare initial design proposals.
- Create space plans, mood boards, color schemes, and material selections.
- Develop innovative and functional design concepts.
- Prepare detailed drawings using AutoCAD, 3ds Max, Sketch Up.
- Present 2D/3D visualizations and design presentations to clients.
- Choose appropriate furniture, fixtures, lighting, fabrics, and finishes.
- Source products and coordinate with suppliers and vendors.
- Collaborate with architects, engineers, and contractors.
- Supervise implementation to ensure design intent is achieved.
- Prepare cost estimates and monitor budgets.
- Ensure timely delivery of design and fit-out projects.
- Maintain high standards of design, detailing, and execution.
- Space planning and layout design.
- Concept development and mood boards.
- Color theory and material selection.
- Furniture and fixture design
