EXPERIENCE

Interior Designer

BVM Intsol | Pune, India | June 2023 - Present

- Successfully completed **5 residential interior design projects independently**, overseeing the entire lifecycle from **presale to final handover**.
- Underwent an initial comprehensive training in organizational processes, including:
 - Standardized drawing templates
 - Concept presentations
 - Bill of Materials (BOM) and Bill of Quantities (BOQ)
 - Material specifications and procurement
 - Site visit protocols and vendor coordination
- Coordinated with senior designers on live projects during training, **increasing team productivity by 30%** and contributing to **early project delivery** ahead of schedule.
- Managed **client interactions** and led regular **client meetings** to ensure alignment with design expectations and project goals.
- Created and executed **floor plans, 2D working drawings, and 3D models/renders** using the company's standard software.
- Conducted market research and vendor visits for material selection and procurement.
- Provided **on-site supervision** to ensure design accuracy, timely execution, and quality control.
- Developed and maintained **project plans, BOQs, cost estimates**, and budgeting documentation.
- Demonstrated proficiency in **vendor management**, sourcing, and negotiating with suppliers to meet project timelines and budget constraints.

Interior Design Intern

ANCI Fit-Outs | Pune, India | January 2022 – June 2022

- Completed a structured **6-month internship program**, gaining hands-on experience in **research & development (R&D)**, **technical drafting**, **3D modeling**, and **interior service systems**.
- Assisted senior designers in multiple **commercial fit-out projects**, ensuring design outputs aligned with **client requirements and project briefs**.
- Contributed to the preparation of **floor plans**, **elevation drawings**, and **concept presentations** for client reviews.
- Developed **3D models and renders** using industry-standard software to visualize and communicate design intent.
- Collaborated with the design team to create efficient and functional **interior layouts**, incorporating service systems and practical design solutions.
