

AYSHA RIWAN

Interior Designer

+91 9778717577 | ayshariwan@gmail.com | Calicut, Kerala, India

Objective

Enthusiastic and detail-oriented BSc Interior Designer with a strong passion for creating innovative, functional, and aesthetically pleasing spaces. Eager to leverage academic knowledge and hands-on experience to contribute to dynamic design projects that not only meet but exceed client expectations. Committed to delivering creative solutions that combine practicality with artistic vision

Skills & Abilities

- Proficient in Revit and V-Ray.
- Experienced in 3ds Max and Adobe Photoshop.
- Skilled in AutoCAD, SketchUp, and Adobe Creative Suite.
- Strong understanding of design principles and space planning.
- Excellent communication and presentation skills.
- Ability to collaborate effectively in a team environment.
- Proficiency in MS Office tools.

Experience

STICKON Kozhikode · Interior Designer from Aug - 2024 at Present

(AI, Construction, PMC, VR, AR, ML, IOT, Architectural, Civil Engineering, and AEC)

- **Conceptualization & Design Development:**
Developed design concepts based on client needs, preferences, and budget constraints.
Produced detailed sketches, 3D models, and layouts using design software (e.g., AutoCAD, SketchUp).
- **Space Planning & Layout Design:**
Created functional and aesthetically pleasing floor plans that maximize space utilization.
Ensured that designs meet building codes and regulations.
- **Material & Finish Selection:**
Researched and selected materials, finishes, and furnishings that aligned with the design vision and budget.
Presented material boards and samples to clients for approval.
- **Project Management:**

Managed all phases of design projects from concept through completion.

Coordinated with contractors, architects, and suppliers to ensure timely execution and delivery of projects.

- Client Consultation:

Collaborated with clients to understand their needs, preferences, and goals.

Provided professional recommendations and guided clients through the design decision-making process.

- Budget Management:

Prepared and managed project budgets, ensuring that the design stayed within financial constraints.

Sourced cost-effective solutions without compromising on design quality.

- Vendor & Supplier Coordination:

Liaised with vendors to order and manage deliveries of furniture, materials, and décor items.

Negotiated with suppliers to secure the best pricing for project materials.

- Technical Drawings & Documentation:

Produced technical drawings and detailed documentation for construction teams to follow during installation.

Ensured that plans were executed according to design specifications.

- Color Theory & Lighting Design:

Applied knowledge of color schemes and lighting to create cohesive and inviting interiors.

Selected appropriate lighting fixtures to complement the design and enhance ambiance.

- Sustainability & Eco-Friendly Solutions:

Integrated sustainable design practices and eco-friendly materials into projects to promote environmental responsibility.

- Trend Awareness & Innovation:

Stayed up-to-date with industry trends, new materials, and innovative design solutions.

- Incorporated the latest design trends and technologies into projects.

Presentation & Visualization:

Created mood boards, sample presentations, and digital renderings to communicate design concepts to clients and stakeholders.

Delivered presentations that showcased design ideas and project progress.

- Team Collaboration:

Worked closely with design teams, architects, engineers, and other professionals to ensure cohesive project outcomes.

Provided clear instructions and direction to team members.

Nest Architects Manjeri · Internship from May - 2024 at July 2024

- **Concept Development:** Collaborated on developing initial design concepts under senior designer guidance, contributing to mood boards and design presentations.
- **Space Planning:** Assisted in space planning and layout for residential and commercial projects, focusing on optimizing functionality and aesthetics.
- **Material Selection:** Researched and sourced materials, finishes, and furnishings to align with project requirements and client preferences.
- **CAD Drafting:** Proficient in AutoCAD, created detailed drawings and floor plans, ensuring accuracy and adherence to design specifications.
- **Client Communication:** Supported senior designers in client meetings, taking notes, and providing updates on project progress and design revisions.
- **Project Management:** Assisted in project management tasks, including creating timelines, tracking budgets, and coordinating installation schedules.
- **3D Rendering:** Basic proficiency in 3D rendering software (such as SketchUp or Revit) to create visualizations of design concepts.
- **Site Visits:** Conducted site visits to observe progress, address any design issues, and ensure implementation aligns with design intent.
- **Industry Trends:** Kept abreast of industry trends and new materials, incorporating innovative ideas into design concepts.

Workshops and Firm Visit

- Malabar Developers Pvt. Ltd. -Workflow and Structure Experience.
- Uravu - Bamboo Workshop. - Bamboo uses in interior design.
- Berger Paints Ltd. -Basics about Interior Exterior Painting.
- Rootec CNC JALI Cutting. - General Visit.
