

OBJECTIVE

Interior Design graduate with First Class Honors from Princess Nourah University, equipped with real-world experience in both corporate and governmental design environments. Passionate about developing culturally grounded spaces that reflect Saudi identity through materiality, spatial storytelling, and authentic visual language. Proven ability to handle technical drawings and execution plans. In addition to the ability to design using advanced software tools. Dedicated to delivering context-driven, meaningful, and functional interior environments

EDUCATION

Bachelor’s Degree in Interior Design
Princess Nourah Bint Abdulrahman University
Graduation: June 2025
