Objective

Creative and dedicated interior designer with an MBA and over three years of experience in transforming spaces into aesthetically pleasing and functional environments. Proficient in 3D design using 3D Max and V-Ray, with a proven ability to collaborate effectively with clients, manage comprehensive Bills of Quantities (BOQs), and contribute innovatively to international projects.

Experience

Biçer Mobilya Istanbul, Turkey. | Interior Designer (May 2023)

- Developed and implemented 3D design concepts using 3D Max and V-Ray, delivering realistic visualizations that enhanced client understanding and engagement.
- Completed 3D designs efficiently, consistently meeting project deadlines and maintaining high-quality standards.
- Served as the primary point of contact for clients, ensuring effective communication of project requirements and significantly improving client satisfaction.
- Managed full project cycles, including on-site assessments, space planning, and overseeing design execution.
- Collaborated directly with clients through international travel, conducting site evaluations and leading design presentations in diverse cultural contexts.
- Prepared comprehensive BOQs, ensuring accurate cost estimations and efficient project budget management.
- Successfully completed high-profile projects across various countries, consistently meeting tight deadlines and exceeding expectations.

Hamza Mohammed Al Deri Construction Company. Jeddah Saudi Arabia-Istanbul Turkey. | Interior Architect (September 2022, April 2023)

- Prepared detailed BOQs for construction projects, meticulously outlining materials, quantities, and labor requirements.
- Created accurate shop drawings, ensuring alignment with architectural specifications.
- Collaborated with architects and engineers to translate technical specifications into visually compelling 3D models.

Türkiye'nin Dil Akademisi. Istanbul, Turkey. | Head of Student Affairs Department (April 2021, August 2022).

- Coordinated with academic departments and faculty to design course content, accommodating diverse learning styles.

- Managed student data within the accounting system, ensuring accuracy for financial transactions.
- Enhanced student satisfaction through active engagement, feedback collection, and implementing improvements.
- Collaborated with various departments to resolve complex scheduling and financial issues.

Arkan. Akkar, Lebanon Interior Designer (August 2020, March 2021).

- Created detailed 3D models and renderings using 3D Max and V-Ray for client design proposals.
- Produced precise shop drawings for a variety of interior design projects.
- Utilized AutoCAD to generate comprehensive drawings reflecting spatial layouts and material specifications

Education

- **Master of Business Administration (MBA)**

Beykoz University, Istanbul, Turkey | June 2024.

- **Bachelor of Arts in Interior Design**

Lebanese International University. Tripoli, Lebanon | February 2017, February 2020.

Skills

- Proficient in 3D Max and V-Ray for realistic 3D renderings
- Ability to produce 3D renders in the shortest period of time, ensuring timely project delivery
- Expertise in AutoCAD for detailed shop drawings, including interior design, electrical, and plumbing plans
- Strong project management and organizational abilities
- Excellent communication and client relationship management
- Experience with international projects and an understanding of diverse design preferences
- Native Arabic speaker; advanced proficiency in English; intermediate proficiency in Turkish
