

MOHAMED ELASAR

Architect | Senior CG Artist | 3D Interior & Exterior Designer

Riyadh, Saudi Arabia | +966548137758 | mohmedelasar@gmail.com | [behance.net/mohmedelasar](https://www.behance.net/mohmedelasar)

Professional Summary

Registered Architect and Senior CG Artist with progressive experience since 2020 in architectural design, interior and exterior design, 3D visualization, schematic design, 2D drawings, planning, construction documents, code analysis, and client requirements analysis. Experienced across residential, hospitality, commercial, landscape, resort, compound, office, and renovation projects. Skilled in Autodesk 3ds Max, AutoCAD, Revit, Corona Renderer, V-Ray, Adobe Photoshop, Lightroom, Illustrator, Forest Pack, and RailClone.

Career Progression

- 06/2020 - 05/2021 | **Mohamed Abousamra Designs** | Cairo, Egypt
- 06/2021 - 05/2022 | **Edge** | Cairo, Egypt
- 06/2022 - 05/2023 | **Hassan Allam Properties** | Cairo, Egypt
- 06/2023 - 09/2025 | **Sana Architects**
- 10/2025 - Present | **Dotarch**

Work Experience

Architect / 3D Visualizer | Dotarch | 10/2025 - Present

- Develop architectural and interior/exterior visualization outputs for current design projects.
- Support design presentations through 3D renders, material direction, lighting concepts, and spatial planning.
- Translate project briefs and client requirements into clear visual and technical deliverables.

Architect / 3D Visualizer | Sana Architects | 06/2023 - 09/2025

- Produced architectural design and 3D visualization work for residential, commercial, and hospitality-related spaces.
- Prepared moodboards, material studies, layouts, lighting concepts, and presentation visuals for design development.
- Supported schematic design, space planning, and client-facing visual communication.

Architect & Senior CG Artist | Hassan Allam Properties | Cairo, Egypt | 06/2022 - 05/2023

- Worked on large-scale projects, including hotels, malls, office buildings, compounds, resorts, landscape projects, public places, and commercial developments.
- Produced 3D design and visualization work for interior, exterior, landscape, and commercial spaces across projects in different countries.
- Prepared 2D drawings, planning work, schematic drawings, and construction documents to support project development.
- Collaborated with clients and project teams to understand functional and spatial requirements for new structures, sites, and renovation projects.

Architect / 3D Designer | Edge | Cairo, Egypt | 06/2021 - 05/2022

- Created 3D interior and exterior design visuals aligned with project requirements and presentation standards.
- Supported schematic design development, material selection, lighting concepts, and spatial planning.
- Prepared design presentation materials to support client review and project communication.

Architect / 3D Designer | Mohamed Abousamra Designs | Cairo, Egypt | 06/2020 - 05/2021

- Developed early-career architecture and 3D design work for interior and exterior projects.
- Translated client requirements into functional design concepts and visual presentations.
- Built practical experience in residential design, exterior visualization, material direction, and rendering workflows.

Selected Portfolio Projects

- Developed a broad portfolio of interior architecture and 3D visualization projects, including master bedrooms, hotel suites, luxury bathrooms, CEO office, apartment reception, villa lobby, kitchens, majlis, modern bedrooms, and villa roof concepts.
- Prepared moodboards, color palettes, material and texture studies, layouts, lighting concepts, and presentation visuals for residential, hospitality, and commercial interiors.

Education

Bachelor of Architecture | Tanta University | 2020

- GPA: 3.1
- Graduation Project: Technical Craft Center - Excellent

Certifications

Saudi Council of Engineers - Professional Accreditation | Membership Category: Architect | Valid Until: 01 June 2027

- Membership No.: 1145121
- Specialization: Architecture
- Membership Start Date: 01 June 2025

Skills

Architectural & Design Skills: Architectural Design, Interior Design, Exterior Design, 3D Visualization, CG Rendering, Schematic Design, 2D Drawings, Construction Documents, Code Analysis, Planning, Space Planning, Client Requirements Analysis, Material Selection, Lighting Concepts, Landscape Visualization, Renovation Design, Presentation Design.

Software Skills: Autodesk 3ds Max, Autodesk AutoCAD, Autodesk Revit, Corona Renderer, V-Ray Renderer, Adobe Photoshop, Adobe Lightroom, Adobe Illustrator, iToo Software Forest Pack, RailClone.

Languages

Arabic: Native | **English:** Fluent
