PERSONAL SUMMARY

Architectural Engineer with over 6 years of experience in architectural design, interior design, 3D visualization . Proficient in Revit, 3ds Max, and Corona Renderer to deliver high-quality, photorealistic presentations. Experienced in a wide range of projects including palaces, villas, commercial centers, heritage sites, and public facilities across Egypt and Saudi Arabia.

Strong understanding of sustainable architecture principles and LEED-compliant design strategies.

I believe great architecture tells a story — one that reflects the identity of its users and the spirit of its setting.
