MANAGEMENT PROFILE

Creative and detail-oriented Interior Designer and 3D Visualizer with 6 years of experience in the UAE, Oman, and India, specializing in high-end residential and commercial interiors. Proven track record in project coordination, client handling, space planning, and luxury furniture visualization. Adept at using industry-standard design tools and managing end-to-end interior execution. Seeking a challenging opportunity in a dynamic design firm in the UAE.

Capable to perform in a fast paced, high stress environment under minimal supervision. Competent in inculcating all Interior Drafts to meet productivity goals and maintain high quality standards. Effective communication, interpersonal, presentation and client interfacing skills in ensuring quality and consistency of service.

WORK EXPERIENCE AND AREA OF EXPERTISE

3D Visualizer cum Interior Designer, Breton Luxury Showroom, Dubai, UAE Jan 2024

Conducted client consultations and site visits to gather measurements and understand spatial requirements. Created detailed 2D layouts (AutoCAD) and 3D renders (SketchUp & Lumion) for luxury interior designs. Designed showroom layouts, seasonal themes, and product displays in coordination with marketing and sales teams. Produced high-impact visual presentations and mood boards using Canva and Adobe Photoshop. Oversaw showroom maintenance and vendor coordination for repairs and visual merchandising. Supported sales and management with design visuals for client proposals and in-store events. Provided creative input for luxury interiors, demonstrating a strong understanding of material selection, colour schemes, and textures. Demonstrated strong design sensibility with attention to detail, luxury aesthetics, and space optimization.

Project Coordinator & 3D Visualizer, Sanat Interior Decoration LLC, Dubai, UAE Aug 2022-Dec 2023

Drafted design proposals and BOQs as per Dubai Municipality and client requirements. Coordinated site mobilization, material procurement, and vendor/subcontractor negotiations. Maintained material library, documentation, and project timelines for multiple on-going projects. Assisted with site readiness, billing, and snag report closures post-project delivery. Developed and reviewed detailed shop drawings for construction and fit-out execution.

Interior Designer, Step Design Co., Muscat, Oman Dec 2021-Mar 2022

Directed and supervised technicians on-site for the execution of design tasks. Produced 3D renderings for interior and landscape design concepts. Prepared architectural drawings and layouts for residential projects. Assisted in space planning and visual presentation for client approvals.

JR Interior Designer, Aadhar Interior Designer Co., New Delhi India Sep 2019-Dec 2021

Motivated Junior Interior Designer with expertise in site visits, taking precise measurements, and drafting detailed floor plans using AutoCAD. Proficient in creating high-quality 3D renderings with 3ds Max and V-Ray, and crafting visually compelling presentations using Adobe Photoshop. Strong attention to detail and a passion for transforming design concepts into functional and aesthetically pleasing spaces.

KEY PROFIECIENCY & SOFTWARE SKILLS

- AutoCAD - 2D Drafting
- SketchUp - 3D Modeling
- Lumion - Realistic Rendering
- Adobe Photoshop & Canva - Mood Board & Client Presentations
- MS Office - Reports & Project Documentation
- Project Execution and coordination
- Coordinating with Architects & Sales Team
- Client and Team collaboration
- Scheduling & Deadline Tracking Customizing Designs Accordingly Procurement and Material handling
- Strong visualization & attention to detail

JOB ROLE AND RESPONSIBILITIES

- Develop interior design concepts based on client requirements, brand guidelines, and space functionality.
- Prepare detailed **2D floor plans, elevations, sections**, and **working drawings** using AutoCAD or similar software.
- Conduct site visits and space evaluations to gather measurements, assess conditions, and understand constraints.
- Select appropriate materials, finishes, colors, lighting, and furnishings in line with design aesthetics and budgets.
- Create mood boards, sample boards, and presentations for client approval.
- Coordinate with architects, MEP consultants, and contractors to ensure design execution aligns with plans.
- Produce high-quality **3D models** of interiors using software like 3ds Max, SketchUp, or Revit.
- Apply realistic materials, textures, and lighting to 3D models using V-Ray, Corona Renderer, or Lumion.
- Create **photorealistic renderings** and **animations** to help clients visualize the final outcome.
- Revise 3D renders and models based on client feedback or design changes.
- Work closely with the design team to ensure accuracy and consistency between 2D plans and 3D visuals.
- Present design concepts and 3D visuals to clients for review and feedback.
- Prepare **BOQs (Bill of Quantities)**, material lists, and project cost estimates.
- Monitor project timelines and deliverables, ensuring tasks are completed within scope and deadlines.
- Provide on-site supervision during key stages of project implementation to ensure design fidelity.
- Organize design documentation, drawing sets, and 3D asset libraries.
- Stay updated on interior design trends, software advancements, and new materials.
- Support marketing and business development by contributing to proposal visuals or portfolio material.

EDUCATION

Master Diploma in Interior Architecture and Design

Dream Zone School of Creative Studies – New Delhi, India

Bachelor of Arts

Awadh University – Faizabad, India 2014 – 2016
