Objective

I am a passionate and driven Human Resources Technology graduate with an Associate Degree from the Technical and Vocational Training Corporation, graduating with Second-Class Honors. My experience includes a valuable cooperative training period at Ahad Rafidah Municipality, where I had the opportunity to work with HR and financial management technologies. I am experienced in managing HR systems, automating processes, and analyzing data to support strategic decisions. I am eager to apply my skills in HRIS, process improvement, and digital transformation to contribute to creating efficient, people-centered solutions in the workplace. I am committed to continuous growth and excited about bringing innovative ideas to the HR tech field
